

Holds on Other Funds (Other Accounts)

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Funds Availability Policy

YOUR ABILITY TO WITHDRAW FUNDS

Our policy is to make funds from your check deposits available to you on the first business day after the day we receive your deposit. Cash and electronic direct deposits will be available on the day we receive the deposit. Once they are available, you can withdraw the funds in cash and we will use the funds to pay checks that you have written.

DETERMINING THE AVAILABILITY OF A DEPOSIT

The length of the delay is counted in business days from the day of your deposit. Every day is a business day except Saturdays, Sundays, and federal holidays. If you make a deposit before the close of business on a business day, we will consider that day to be the day of your deposit. However, for the purpose of funds availability, if you make a deposit on a non-business day, we will consider that the deposit was made on the next business day.

If you make a deposit at one of our ATMs before 7:00 p.m. Eastern Time (ET) on a business day, we will consider that to be the day of your deposit. For the purpose of funds availability, ATM deposits, including cash deposits, made after 7:00 p.m. ET will be considered deposited on the next business day.

Funds deposited to a night depository or similar facility are considered deposited on the day on which the deposit is removed from such facility and is available for processing by the bank. Night depository items are generally processed the next business day.

The length of the delay varies depending on the type of deposit and is explained in the following sections.

Same-Day Availability

Funds from cash, wire transfers, and electronic direct deposits to your account will be available on the day we receive the deposit.

Next-Day Availability

If you make a deposit of checks or money orders, including those drawn on USB, before the cut-off time on a business day that we are open, funds from your deposit will be available on the first business day after the business day of your deposit.

Remote Deposit Products

Additional terms and conditions apply to deposits made remotely. If you have enrolled in our Mobile Deposit service or our Remote Deposit Capture service, please refer to your customer agreement for further information.

Longer Delays May Apply

Funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$5,000.00 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the sixth business day after the day of your deposit.

Special Rules for New Accounts

If you are a new customer, the following special rules may apply during the first 30 days your account is open.

Funds from cash, wire transfers, and electronic direct deposits to your account will be available on the day we receive the deposit. The first \$5,000.00 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$5,000.00 will be available on the sixth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees at one of our branches, the first \$5,000.00 will not be available until the second business day after the day of your deposit.

Funds from all other check deposits will be available on the sixth business day after the day of your deposit.

Holds on Other Funds (Check Cashing)

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.
